Bad Heroes is a fantasy tabletop RPG actual play podcast with a love of comedy, adventure, and the more charming forces of Hell.

THE STORY

Bad Heroes is based on an original, homebrew campaign using Pathfinder 1E mechanics. Follow the adventures of **Gydeon**, an aristocratic elven sorceress, **Tonreir**, a stoic half-elf druid, **Ira**, a dreamy catfolk bard, **Wingthe**, a gruff human fighter, and **Rihva**, a chaotic kayal barbarian, as they're thrown together on a dangerous mission to hunt down curses in a realm bound to Hell itself. The podcast's heart, humor, and character-driven narratives are spiritually similar to *The Adventure Zone*, *The Owl House*, and *Good Omens* – packing equal amounts of irreverent hijinks and emotional punch.

THE CAST

Game Master: Drea Silvertooth (they/them)

Gydeon Greyfrost: Kazz Baloo (she/her)

Tonreir Ceni: Koulnis (he/him)

Ira Clawstrike: Rev Winter (he/they)

Rihva Ashren: Lian Xia Rose (she/her)

Bad Heroes is hosted by Drea Silvertooth, a nonbinary trans GM leading a group of friends who are all some flavor of LGBTQ+, neurodivergent, or both! The cast strives to bring inclusive storytelling with positive queer representation to the table, and many of the show's themes revolve around healing, growth, found family, and finding bright moments in challenging times.
